

How To Change Your Picture In Your Arbiter Profile

- *Log into* your Arbiter Sports account at www.arbitersports.com.
- *Click* on the Profile tab.
- *Click* on your Current Picture at the top right corner.
- *Click* on Change Picture.
- *Click* Choose File.

Note: To save a picture to choose, take a picture of yourself with a mobile device such as your iPhone. Email your selected picture to your personal email address, then save your picture to your personal computer.

- *Select* the new Image (Picture) that you would like to upload to replace your old picture from your computer files. Please make sure the picture is one that is professional and in good taste before you post it on the Arbiter website.

Note: The image must be either a 'gif' or 'jpeg' file. Arbiter recommends that your image (picture) you upload be 200 pixels wide by 200 pixels high. If your image is larger, Arbiter will resize and crop it for you.

- *Click* Upload.
- *Click* Use This Picture.

Your new profile picture should appear under "Picture" on your profile page and in the top right corner of your account next to your name and group. Please allow up to an hour for your new picture to show.
